Structuring Courses

The Courses conclude with a Final Verification of Learning that includes **3 attempts**, each of 30', consists of 24 questions and will be considered exceeded by the participant if the number of correct answers will be equal to or greater than 75% (at least 18 out of 24).

If the Final Verification of Learning is not passed, the S.V. is invited to contact the Didactic Tutor to agree on the methods of recovery.

Only at the end of the course it will be possible to view, download and store the Certificate certifying the training

N.B.: *The courses are considered completed ONLY if the relevant certificates are downloaded: otherwise, the courses will be invalidated.*

If the file or copy of the certificates is lost in the future, the Courses must be repeated!
